

35Ltr Polarcaddy Coolbox

Polarcaddy cool boxes are machine rotomolded for durability and quality, unlike the cheaper blowmolded boxes. They feature a tough polyethylene cabinet and Polarcaddy's superior thick polyurethane foam insulation to keep food fresh for days. They can be used with ice or ice packs. Polarcaddy cool boxes can hold ice for up to 10 days dependent on size.

- Tough polyethelene cabinet. Tough enough to be used as a seat
- Designed for Australian conditions
- 35Ltr can keep ice for up to 3 days without power
- Easy to use latches and quality fittings
- Handles can be used as tie down points
- Superior quality insulation
- Smooth walls, hygienic for food use and easy to clean
